Hi Supporter

I hope you are well.

Two Scholarships are available to start Autumn 2024.

Applications are welcomed in the following areas:

1. The John Grace QC PhD Scholarship 2024 – Cognitive impairment in psychotic disorders.

We are interested in funding projects that address the potential factors involved in cognitive impairment in psychotic disorders or those that address novel therapeutic approaches including measurement studies in domiciliary settings or remote measurement.

2. Mental Health Research UK PhD Scholarship 2024 – Investigating novel approaches to improving prevention, diagnosis or treatment of mental health conditions in people from marginalised communities.

We are interested in funding a project that addresses the mental health of a minoritized community such as people from the LGBTQIA+ community, people from minority ethnic communities, or refugees and migrant communities.

The closing date is Monday 22nd May 2023.

Information is on the website including the application forms.
