

## Kim's Fundraiser

2022

The first photo is of fire pit made from old horseshoes by a local farmer. He said if I sold it for him at whatever price I could get we could share the money. He supports a local charity that supports agriculture workers who with mental health. I sold it for £100, on a local market place website. I made it clear that the money would go to the two charities. I sold it in 2 weeks.

A good way to sell items locally.

The second photo is a stall we had at our local village hall. If you ask some places will give you a space for free if it's for a charity.

2021

My friend and I were going to do the zip wire but due to the pandemic it didn't happen. It hasn't happened this year either. But we have not been idle, a group of us have been making and selling items, having coffee mornings in gardens and collecting pennies. We did manage a stall in the village as well a few weeks ago which all helped. One friend Jane, is an amazing artist and has sold lots of prints of wildlife pictures, another makes items from felting, I cross stitch cards and keyrings, one lady knitting hats and gloves and another sewing Xmas decorations, and her husband making wooden one. Over the year we made £835 which I have just submitted to you via donation page.

Thank you Kim Howarth
