

Anne Marie Millar, Trustee

Anne Marie Millar is an experienced finance director who has worked at board level for many years. Her early finance career was in electronics in the private sector before moving into the public sector where she worked on rail privatisation, held regional and national finance director roles in health, before moving into the environment sector as Finance Director for Defra. She is currently Finance Director RPA, Future Farming and EU Finance where she manages significant farming grants for agriculture and planning for when the UK Transition period ends.

Anne Marie is a member of both CIMA and CIPFA and has served as a CIMA Council member. Her experience working in the Health service has given her a key interest in supporting mental health research. Anne Marie became a trustee in May 2020
